

Alameda County Congestion Management Agency  
**Transportation for Livable Communities**  
Capital Program, Fiscal Years 2006-09

**DEADLINE:** TLC applications are due to Alameda County Congestion Management Agency (CMA) by 3 pm on **November 18, 2005**.

**SUMMARY**

This is a notice of intent to issue a call for projects for Alameda County CMA's Transportation for Livable Communities (TLC) Capital Program. The TLC guidelines and schedule are subject to approval by the CMA Board on October 27, 2005. The purpose of TLC is to support transit oriented development projects identified in the 2004 Countywide Transportation Plan (CTP). These projects provide for a range of transportation choices and support connectivity between transportation investments and land uses at the following BART stations in the CTP: Mac Arthur, W. Oakland, Coliseum, Ashby/Ed Roberts, San Leandro Transit Village, Union City Transit Village, Warm Springs or Dublin/Pleasanton.

The goal of the TLC program is to provide funding for projects that are developed through an inclusive community planning effort and bring new vibrancy to downtown areas, commercial cores, neighborhoods, and transit corridors, enhancing their amenities and ambiance and making them places where people want to live, work and visit.

All applicants must complete a TLC application (see Attachment A) consisting of two parts: (1) Summary Information and (2) Project Attachments (Project Description, Budget, Maps, Photos and Illustrations). The TLC application form may be downloaded from CMA's website at [www.accma.ca.gov](http://www.accma.ca.gov).

**Please submit eight (8) printed copies or an e-mail of the TLC proposal to CMA by 3:00 pm on November 18, 2005.**

E-mail to [dstark@accma.ca.gov](mailto:dstark@accma.ca.gov) or mail your completed TLC application to:

Fax copies will not be accepted. Hand-deliveries may be made to CMA offices located on the 2<sup>nd</sup> Floor at the address shown above.

The CMA will evaluate projects with the assistance of representatives from CMA's Review Team using the TLC Capital Program project criteria (Attachment B). Upon completion of the evaluation, CMA plans to approve a final program of projects in January 2006, which will be forwarded to MTC for their concurrence.
